

Jasper County
Request for Proposals
Architectural Services for the Renovation of Jasper County Health Department
336 East Greene Street, Monticello GA 31064

General

The Jasper County Board of Commissioners is issuing this Request for Proposals (RFP) to architecture firms experienced in project concept-planning, development of architectural plans, and developing construction and bid documents. Responding firms should be technically qualified and licensed to provide these services and experienced in the preparation of plans for rehabilitation and expansion projects. Services provided will include preparation of a Preliminary Architectural Report and further design services if federal funding is awarded to the project. Firms should be qualified to provide these services under the requirements of Federal Housing and Urban Development (HUD) Community Development Block Grant (CDBG) funded programs.

Background

The Jasper County Health Department is located in the City of Monticello, three blocks southeast of the downtown square. The building was designed by architectural firm Abreu & Robeson and built in 1953. At approximately 3,200 square feet, the building is constructed of concrete plaster walls, a brick exterior, and a gabled roof. The building is in fair condition and requires attention to the following elements: electrical, foundation, utility access points, pest management, moisture control, ventilation, lack of available work space, and ADA accessibility. Jasper County would like to renovate the existing structure, include a 1,000 square foot expansion, and update the on-site parking lot, if possible. Due to the origin of the building's design and age, preservation standards and guidelines will likely need to be considered in the plan.

Administration

The RFP is issued by Jasper County with technical assistance provided by the Northeast Georgia Regional Commission (NEGRC).

Evaluation

Procedures for selection of an individual or firm will be in accordance with local government requirements and the Common Rule Selection Process. All Statements of Qualifications will be evaluated in terms of project approach, timeliness, experience, quality of work, capacity to perform and costs. Prior experience in similar projects and qualifications of principal staff should be included. Past performances on similar projects, planning, and design also will be reviewed for project timeliness, completing work within budget, quality of work and other factors such as knowledge of community. Local government experiences and qualifications desired include, but are not limited to, preparation of architectural plans for rehabilitation projects, downtown development, historic preservation projects, healthcare related projects, publically funded projects, building assessment, and estimations of plan implementation costs. Experience with HUD Community Development Block Grant (CDBG) funded projects is also desirable.

Information Required

The statement of qualifications shall contain the following:

- A. A general description of the firm, including any firms to be included as subcontractors. The lead firm must be clearly identified.
- B. Names, qualifications, locations, and availability of principal staff whom would be assigned to the project.
- C. Fee schedules (hourly) for key personnel and reimbursable expenses. A lump sum amount to complete the "Preliminary Architectural Report" as well as costs for full project design.
- D. Capabilities of the firm or firms to carry out the proposed work.
- E. Recent experience of the firm with similar projects involving all aspects of the project.
- F. References directly related to the requirements of this project.
- G. A brief description of the firm's general approach to the proposed project and a tentative schedule.
- H. Estimated completion date for Preliminary Architectural Report (required by January 2019).
- I. Any other information that the vendor wishes to submit for consideration.

Selection Process

The procedure being followed is a request for qualifications followed by a review, ranking, and selection by Jasper County. An invitation to conduct the project will be issued to the selected firm and all RFQ respondents will be notified of selection or non-selection at the appropriate time.
