Request for Proposals
Architectural Design Services for the Redevelopment of 23 Public Square, Elberton

General

The City of Elberton is issuing this Request for Proposals (RFP) to architecture firms experienced in project concept-planning, development of architectural plans, and developing construction and bid documents. Responding firms should be technically qualified and licensed to provide these services and experienced in the preparation of plans for redevelopment and multi-use projects. Services provided will include preparation of a Preliminary Architectural Report and further design services if the Community Development Block Grant or other funding is awarded.

Background

23 Public Square is located in Elberton in Elbert County, in the heart of downtown. The building has served many commercial functions over the years, including a law office, barber shop, and pharmacy. The building is believed to be the oldest building on the square, with an estimated construction date of 1890. The building measures 6,840 square feet. The City would like to redevelop the property to potentially include first floor retail and second floor housing. Due to the building's age and prominence in downtown Elberton, preservation standards and guidelines need to be considered in the plan. The plan will need to include façade improvements and interior renovations and upgrades.

Administration

The RFP is issued by City of Elberton with technical assistance provided by the Northeast Georgia Regional Commission (NEGRC).

Evaluation

Procedures for selection of an individual or firm will be in accordance with local government requirements and the Common Rule Selection Process. All Statements of Qualifications will be evaluated in terms of project approach, timing, experience, quality of work, capacity to perform and costs. Prior experience in similar projects and qualifications of principal staff should be included. Past performances on similar projects, multi-use planning, and design also will be reviewed for project timeliness, completing work within budget, quality of work and other factors such as knowledge of community. Local government experiences and qualifications desired include, but are not limited to, preparation of architectural plans for rehabilitation projects, downtown housing, historic preservation projects, multi-use projects, publically funded projects, building assessment, and estimations of plan implementation costs. Experience in adaptive-use of downtown buildings is also desirable.

Information Required

The statement of qualifications shall contain the following:

- A. A general description of the firm, including any firms to be included as subcontractors. The lead firm must be clearly identified.
- B. Names, qualifications, locations, and availability of principal staff whom would be assigned to the project.
- C. Fee schedules (hourly) for key personnel and reimbursable expenses. A lump sum amount to complete the "Preliminary Architectural Report" as well as costs for full project design.
- D. Capabilities of the firm or firms to carry out the proposed work.
- E. Recent experience of the firm with similar projects involving all aspects of the project.
- F. References directly related to the requirements of this project.
- G. A brief description of the firm's general approach to the proposed project and a tentative schedule.
- H. Any other information that the vendor wishes to submit for consideration.

Selection Process

The procedure being followed is a request for proposals followed by a review, ranking, and selection by the City of Elberton. An invitation to conduct the project will be issued to the selected firm and all RFP respondents will be notified of selection or non-selection at the appropriate time.
