

Northeast Georgia

Connecting Talent with Opportunity
A proud partner of the AmericanJobCenter network

Learn the skills you need for a job in **INDUSTRIAL MECHANICS OR WELDING!**

Check out the Northeast Georgia Workforce Development Board's training trailers that teach manufacturing skills to those interested in a modern manufacturing career.

The trailers are available for use to:

- Partner with local industry and other organizations to host short-term training courses to fill entry-level jobs
- Upskill current employees
- Prepare the emerging (k-12) workforce for high-demand jobs in modern manufacturing during camps and school breaks
- Participate in job fairs and other career awareness events

The trailers are handicap accessible and solve the workforce needs of local manufacturers by offering mobile training labs for organizations to recruit, train and retain skilled employees. To reserve the trailers for your event, or to learn more about them, contact WorkSource NEGA at crayburn@negrc.org.

Equal Opportunity Employer / Program. Auxiliary aids available upon request to individuals with disabilities. TDD/TTY-Dial 7-1-1.
